

Real Estate Agent Personal Safety Presentation in St. Louis, Missouri

Safety and Security source

September 16th 2008

Comments on Tracey Hawkins Presentation:

Tracey's presentation to our membership for REALTOR® Safety Week was wonderful. Over 50 attendees showed up to learn how to stay safe when showing, doing open houses, at home, in the office and in the car. Tracey discusses products available, but it is not a presentation designed to sell safety items! The St. Louis Association will continue to ask Tracey to do safety presentations for our members and would recommend her to any group!

Tessa Hultz, Vice President of Education
